SUBJECT: Internal Investigation Unit	

I. Purpose

The Internal Investigation Unit (IIU) of the Springfield Police Department (SPD) is tasked with and responsible for investigating any reports and complaints regarding misconduct by department personnel. The IIU investigates complaints from the public regarding alleged employee misconduct and reports of employee misconduct filed by SPD supervisory personnel. All complaints filed with the Springfield Police Department will be investigated in an effort to maintain transparency and accountability while establishing trust with the community members of the City of Springfield. **52.1.1**

II. Policy

As of the effective date of this policy, any new cases generated as a result of misconduct, will adhere to this policy and the guidelines set forth with in the IIU Manual.

It shall be the policy of the Springfield Police Department that all complaints against all department employees, including both sworn and non-sworn employees, will be accepted. In conducting investigations of alleged employee misconduct, all appropriate investigative techniques and methods should be employed, consistent with legal requirements and all necessary concern for the individual rights of employees. An internal investigation may inquire into a department employee's on-duty or off-duty conduct if such inquiry is reasonably and directly related to the employee's performance of duty, if such conduct affects the employee's fitness or ability to continue in the police service, or if it reflects discredit on the department.

III. Definitions

Sustained: based upon a standard of preponderance of the evidence, the investigation shows that the alleged misconduct did occur and did violate the law or SPD policy.

Not Sustained: based upon a standard of preponderance of the evidence, the investigation is unable to determine whether the alleged misconduct occurred.

Unfounded: the investigation determines, by clear and convincing evidence, that the alleged misconduct did not occur or did not involve the subject employee.

Exonerated: the investigation determines, by a preponderance of the evidence, that the alleged conduct did occur but did not violate the law or SPD policy.

Board of Police Commissioners (BOPC): the disciplinary oversight board created by

City Ordinance, consisting of five (5) civilian members appointed by the Mayor, whose purpose is to conduct disciplinary hearings and determine conditions of discipline of members of the SPD.

IIU Attorney: Civilian Attorney under contract to provide services in order to ensure oversight and transparency to IIU based investigations of complaints.

Special Order (S.O.): a complaint or internal referral for officer misconduct that is of a serious nature and is handled by IIU investigators, all of whom hold the rank of sergeant or higher. All misconduct complaints involving any allegation related to a use of force will be classified as S.O.

Preliminary Investigation of Employee (P.I.E.): complaints that should be investigated by a supervisor in the designated employee's chain of command with their squad or unit but tracked by IIU.

Administrative Investigation (A.I.): complaints that do not allege misconduct, handled by supervisory officers, tracked by IIU.

IV. General Guidelines and Considerations

The IIU is to be staffed by sworn supervisory personnel holding the rank of sergeant or higher, who report to the commander of IIU, who shall be at the rank of Captain. The IIU Commander is ultimately responsible for direct oversight of the investigative work of the IIU and its function. The IIU Commander will report directly to the Department Agency Head. **52.1.3**

Allegations of serious misconduct, such as the use of excessive force, corrupt acts, or an alleged violation of a person's constitutional rights, are to be investigated as an S.O. by the IIU. The IIU will also investigate any custodial death of a prisoner, officer involved shooting, or departmental vehicle pursuit that results in death or serious bodily injury. The above are provided as examples only and further categories of complaints may also be ordered to be investigated by the IIU per order of the Department Agency Head. An internal administrative investigation is to be conducted with the same degree of professionalism as is devoted to a criminal investigation.

At the conclusion of the investigation, depending on the IIU Attorney and IIU Commander's recommendation, taking into account the disciplinary matrix, either the Department Agency Head or the Board of Police Commissioners will review the case for final disposition. If, applicable, discipline will adhere to the disciplinary matrix.

Within 21 days of receiving a complaint, the complaining party shall be given written notification of the department receiving their complaint and whether an investigation into the allegations has been ordered. For cases where an IIU investigation has been so ordered, prior to the end of the 90-day period for Supervisors and 120-day period for Patrol Officers for an investigation, IIU investigators will contact the complainant via telephone to provide the complainant with an update on the status of the investigation. **52.2.4**
